## Sponsor-a-Hound Scheme

We have five dogs that we are supporting because Not all are suited to the home environment, and some need special care or on-going medical treatment. Neron and Rocio are Spanish galgos living at Scooby, Medina. Jack, Pandora and Apollo are greyhounds in the shelter in Lincolnshire.

You can sponsor a hound for just £2 per month or an annual payment of £24. You will receive a certificate, an annual update on their progress plus a couple of little surprises during the year.

***A sponsor hound would make an ideal Christmas or Birthday present!***

**NERON** is a stunning and regal chap but suffering sadly with Leischmania. He was rescued from the streets, having been exploited for one hare coursing season. He will now live out his days with the Scooby shelter manager where he'll receive full home comforts and his regular medication.

He is particularly fond of the garden and inspecting the vegetable patch and flowerbeds before reclining in his armchair for his daily siesta.

Rocio lives on the sofa in the conservatory cum sun lounge of the Scooby manager's bungalow at the shelter. Rocio was very frightened and fragile when rescued. She is quite slight and was very skinny when she first came to Scooby. Rocio has Leishmaniasis but her blood tests are good. Rocio has become the manager's shadow.

Jack, rescued from greyhound racing in the UK, is a sweetie but needs rehabilitation before he is ready for a home. He has problems gaining weight and has severe baldness on his thighs. This stems from the stress of racing and kennel life. Probably his bedding was paper and sparse on a hard surface, and once wet became coarse for his skin. Now in safe hands, he will respond well to his care programme.

Pandora is a lovely girl who has been in rescue for a few years. She is extremely strong. Pandora is a pretty girl who enjoys her food but likes a kiss on the head before eating! If you forget to kiss her, then you will find she forgets to eat! She needs someone very experienced to take on such a strong girl. She feels safe in the kennels and needs to be homed with her kennel mate, Apollo, who is even bigger. It is taking some finding but it would be too much for both of them to split them up.

Apollo is a blue and white brindle. He came into rescue with Pandora and he is very sweet and loving, though very strong to walk. Again, he also loves his food but Apollo being a boy is swayed by treats. Even though he is such a big lad he relies on Pandora. They have their own beds but often share one! He loves a cuddle!
